Good Morning,

We will respect your request and know we want to partner with you. For today, until we can formulate a concrete plan, I propose we invite Isaac to sit at the teacher's desk. That will give the teachers today to see who is and is not wearing a mask and then modify seating charts as appropriate. What are your thoughts?

Sincerely,

Marlene A Santos

Hi - I am reaching out from my non work account, as we recently have filed a federal suit against VA and the parent choice in masking as a violation of the ADA. So you might not recognize my email address as "Isaac's mom". As we're watching the parent choice in masking unfold I have consulted with the lead attorney on our case, I am first requesting that all students in proximity to Isaac be masked, (I do understand this ask and the protocol and rules behind it coming from the county), if this is not possible I am asking that he be reasonably accommodated and I am open to ideas to achieve this.

I am including Mrs. Yearwood because of her work with Isaac, I do not consider this a special education request, but a modification request under the ADA.

I know this is an ever evolving case, and it seems to be changing by the hour. I do truly appreciate you all and all you do. I have signed on to this case because I feel this goes further than local/state laws.

Please let me know any input or questions you may have.

Thank you,
Kim Crawley
